

HybriForce-2410 Alfalfa

HybriForce-2410 is a hybrid alfalfa that delivers the highest forage yield potential of dairy quality forage. HybriForce-2410 delivers fine stemmed forage making a dense attractive alfalfa bale and packs better in bunker silos. The advantages of HybriForce-2410 become more pronounced as the stand gets older.

Key Benefits

- Hybrid Alfalfa
- Highest forage yield potential
- Rapid recovery
- Excellent disease resistance package
- Dense, persistent stands
- Fine stems and excellent quality

Agronomic Traits

Traits	Rating
